

**Bau 2019 – The world’s leading trade fair for architecture, materials and systems from 14th -19th January 2019, Munich, Germany.**

#### **Highlights at the BAU 2019**

Discover many exciting products and services from Remmers’ four pillars of competence Professional planning, Bernhard Remmers Academy, Bernhard Remmers Institute for Analytics and the Remmers umbrella brand from 14th to 19th January 2019 at the BAU 2019 in Munich,.

**The highlights:** The new MB 2K + with improved formula and the new Eco product range.

#### **The new ,MB 2K+‘ – The 3 x 3 in building waterproofing**

We’ve taken a top performer to an even higher level. It will be the first time that we present the new multi-functional building waterproofing Remmers MB 2K + with improved formula. Watch the highlight-product in use and see the magic for yourself!

#### **The new Eco product family – Remmers goes green**

With its new ECO series based on renewable raw materials, Remmers is offering a complete interior insulation system for environmentally sustainable mould control, effective wood preservatives, healthy paints and varnishes, and high-quality coatings for windows and doors.
