

Impact site of hail after one year of weathering

With Care Balsam: Intact surface

Without Care Balsam: Infection with blue stain

Protect and Maintain Whilst Cleaning with Aidol Care Sets

The surfaces of your wood windows/house doors are subjected to weather and many environmental influences. Sun, rain, snow and hail as well as mechanical loads are hard on wood. Just like you take care of your car, you can now also take care of and protect your expensive wood windows and doors – with the Aidol Care Sets for Windows/Doors.

With Aidol Cleaner and Aidol Balsam you can gently clean and effectively care for your wood windows and doors. Fast and easy – and long lasting. Even slight damage such as cracks are protected with Aidol Care Balsam. Using the set just twice a year can considerably extend renovation intervals. Colour and gloss are refreshed at the same time. Caring for your wood windows and house doors is a lot easier than you would think:

- Clean the surface of the windows or doors with Aidol Cleaner.
- Apply Aidol Care Balsam with the included cloth.
- Sounds easy, is easy and protects for many months.
- Long-term protection for expensive wood windows/house doors.
- Environment-friendly.
- For all types of coated wood – suitable for stains and finishing varnishes.

Aidol CARE SETS

For Cleaning & Maintaining Your Wood Windows/ Doors

Properties

Regular use of the Aidol Care Set extends renovation intervals for windows and house doors made of wood. The special Aidol Care Balsam closes micro-cracks that can occur on the surface of the coating, e.g. through the impact of hail. Aidol Care Sets are approved for wood windows and house doors within the scope of the Remmers System Guarantee (RSG).

What Is the Difference between the Two Sets?

- Both Care Sets have **Care Balsams** that are coordinated to the specific building element (note: the **cleaner** in each set is identical).
- Aidol Care Balsam for Windows** provides maximum protection for wood windows since these are often highly exposed to the elements.
- Aidol Care Balsam for Doors** is used for house doors. House doors often have better protection against weather because of construction detailing. In the case of these large surfaces, it is especially important that the balsam is applied uniformly, without streaks.

Range of Use

Aidol Care Sets are used to treat stained or varnished windows and house doors made of wood.

Components:

- 250 ml Cleaner
- 250 ml Care Balsam for Windows/House Doors
- Two special, non-fraying cloths for applying the balsam
