

## REFERENCE

### Levi, London

#### Application Field

- Floor coating –decorative systems

#### Structure Type

- Retail trade / sales rooms

#### Brief Description

A bespoke 'concrete look' floor was installed at the Levi store in Carnaby Street, London.

#### Main Problem and Requirements

A seamless floor with excellent durability was required for the main showroom.

Remmers Comfort Floor (with an artistic design) offered a weld free finish unlike sheet or tile floors and it could be fully bonded to the subfloor for the required results. The special blend of colours added to the unique finish.

#### Client

Levi

#### Installer

Floortrak

#### Completion

2009

#### Products and Systems Used

Epoxy FAS100  
PUR Deco Color  
PUR Top M+
