  No

Description

During the refurbishment of this large residential house in Kiliney, Dublin, Remmers iQ Therm systems were applied for breathable insulation.

Problem

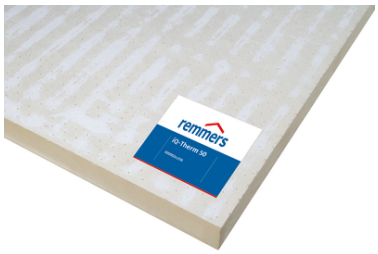

Remmers iQ Fix was chosen by Architects Brazil Associates for the lowest levels of thermal conductivity whist maintaining vapour permeability and minimal wall thickness.

Product systems / sizes used

› **iQ Fix**
Art. No. 0225

› **iQ-Therm 50**
Art. No. 0242

› **iQ Top**
Art. No. 0228
