## Description

During the refurbishment of this large residential house in Kiliney, Dublin, Remmers iQ Therm systems were applied for breathable insulation.

---

## Problem

Remmers iQ Fix was chosen by Architects Brazil Associates for the lowest levels of thermal conductivity whilst maintaining vapour permeability and minimal wall thickness.

---

**Product systems / sizes used**

› **iQ Fix**

Art. No. 0225

› **iQ-Therm 50**

Art. No. 0242

› **iQ Top**

Art. No. 0228

---
