Description

A new four level multi storey car park was constructed in a shopping centre in Portlaoise in County Laoise, Ireland. One of the levels constructed was for Tesco Ireland and required 3000m2 of Remmers floor coatings.

Problem

This car park for Tesco required 3000m2 of anti-slip floor coatings. The car park decks were coated in Epoxy BS2000 Clear and a Remmers Epoxy BS3000 SG slip resistant system was applied to the walkways and parking bays. The soffits were coated with Remmers Concrete Acrylic which was used for its excellent anti-carbonation characteristics and resistance to weathering.

Product systems / sizes used

› **Epoxy BS 2000**
Art. No. 6001

› **Epoxy BS 3000 SG**
Art. No. 6380
